

Fertility Treatment Price after Insurance Coverage (Copayment: 30%)

Fertility treatment mgmt. fee: ¥ 750 (once in 3 mos.)

Intra Uterine insemination: ¥ 5,460

1. ART management fee: ¥ 750 (each IVF cycle)

Fertility meds: approx. ¥ 10,000 to 20,000

Ultrasound & hormone test: approx. ¥ 4,000/ time

*About 3 times/cycle

2. Basic Egg retrieval (ER) fee: ¥ 9,600 (0 eggs)

The following will be added for each egg collection

| | | |
|------------|----------|------------------|
| 1 egg | ¥ 7,200 | (Total ¥ 16,800) |
| 2 - 5 eggs | ¥ 10,800 | (Total ¥ 20,400) |
| 6 - 9 eggs | ¥ 16,500 | (Total ¥ 26,100) |
| 10 or more | ¥ 21,600 | (Total ¥ 31,200) |

(Depending on the type of anesthetic, fee applies)

3. Fertilization method

3-1. Insemination (sprinkle) ¥ 12,600 (flat fee)

3-2. Microinsemination (ICSI)

| | |
|-----------------|----------|
| 1 egg | ¥ 14,400 |
| 2 - 5 eggs | ¥ 20,400 |
| 6 - 9 eggs | ¥ 30,000 |
| 10 or more eggs | ¥ 38,400 |

* If both, ICSI fee + ¥ 6,300 (half of insemination)

* ¥ 15,000 will be added when using TESE sperm

4. Fertilized egg culture (charged from the next day of ER by the number fertilized)

| | |
|------------|----------|
| 1 egg | ¥ 13,500 |
| 2 - 5 eggs | ¥ 18,000 |
| 6 - 9 eggs | ¥ 25,200 |
| 10 or more | ¥ 31,500 |

¥ 33,000 (Time-Lapse*, Adv med) will be added.

■ Example of Actual treatment

[Case 1] Stimulation Cycle: Approx. ¥ 170,000

(when 8 eggs retrieved, Fresh ET and 4 surplus embryos frozen)

¥ 750 + ER(8): ¥ 26,100 + insem.:

¥ 12,600 + Culture(7): ¥ 25,200 + Fresh ET:

¥ 22,500 + Time-lapse*: ¥ 33,000 +

Blastocysts(3): ¥ 6,000 + Freezing(4):

¥ 21,000 + approx. ¥ 20,000 for meds, hormone tests, and ultrasound

[Case 2] Stimulation Cycle: Approx. 150,000 (when

8 eggs retrieved, whole embryos frozen, 5 surplus frozen)

¥ 750 + ER(8): ¥ 26,100 + insem.:

5. Blastocyst addition (by the number cultured)

| | |
|-------------------|---------|
| 1 blastocyst | ¥ 4,500 |
| 2 - 5 blastocysts | ¥ 6,000 |
| 6 - 9 blastocysts | ¥ 7,500 |
| 10 or more | ¥ 9,000 |

6. Embryo Transfer (ET)

| | |
|------------------|--|
| Fresh ET | ¥ 22,500 (or ¥ 28,500 with AHA and GLUE) |
| Frozen-thawed ET | ¥ 36,000 (or ¥ 42,000 with AHA and GLUE) |

* AHA (Assisted Hatching) ¥ 3,000

* GLUE (add hyaluronic acid solution) ¥ 3,000

7. Embryo Cryopreservation

| | |
|--------------------|----------|
| 1 embryo | ¥ 15,000 |
| 2 - 5 embryos | ¥ 21,000 |
| 6 - 9 embryos | ¥ 30,600 |
| 10 or more embryos | ¥ 39,000 |

- * **No. of treatment is counted by the completion of Embryo Transfer, not by Egg Retrieval (ER).**
- * **ER for future use is not covered by insurance.**
- * **The insurance portion of the treatment may be covered by the High-Cost Medical Expense Benefit**

¥ 12,600 + Culture(7): ¥ 25,200 + Time-lapse*:

¥ 33,000 + Blastocysts(3): ¥ 6,000 +

Freezing(4): ¥ 21,000 + approx. ¥ 20,000 for meds, hormone tests, and ultrasound

*Time-Lapse is an advanced medical treatment and is not covered by insurance.
